Kloppfechters Erben

Blossfechter-Treffen 2027

From 9 to 11 April 2027, we will gather at Sensenstein to train together.

No matter which club or school you come from: learning from one another and the joy of practising Blossfechten together are at the heart of our meeting.

Weekend highlights

- Workshops & free sparring (Freifechten): Inspiring input and plenty of time for Blossfechten.
- Everything taken care of: Accommodation, full board, and fencing hall — all in one place.
- Growing together: We approach one another with mutual respect and a willingness to learn — both in intense fencing and in our time together.

Important note

Your training equipment must be in perfect condition. Safety and controlled fencing are our highest priorities.
